

PROJECT NAME: Nurse Call System Replacement

RECIPIENT: Garfield Memorial Hospital

LOCATION: Panguitch, Utah

PURPOSE: Garfield Memorial's Hospital's Nurse Call system is the original system which is over 30 years old in the hospital. The funds would be used to upgrade the hospital nurse call system which includes replacing the hospital's system which provides services to the acute floor, skilled unit and the long-term care unit. The proposed system will be linked to bed monitors and pagers which the nurses will carry.

AMOUNT: \$70,000
